Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. " Dr. Phil, " along with George Iny and the Editors of the Automobile Protection Association, pull no punches.

Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago You can save \$2,000 by cutting freight fees and "administrative" charges Diesel annual urea fill-up scams cancost you \$300, including an \$80 "handling" charge for \$25 worth of urea Lemon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi, and Suzuki

Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. " Dr. Phil, " along with George Iny and the Editors of the Automobile Protection Association, pull no punches.

As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, 'fess up."

In this book, I explain the journey of CAPTAIN COOL "M.S DHONI" after the 2011 world cup because till the World Cup you saw in the Movie or in other books. But this journey is also intresting please read it ...

A business-based rallying cry to reclaim the US economy There is a nagging feeling that the U.S. is slipping as a nation and our people are powerless to do anything to fix it. Issues such as jobs, product quality and safety, wages, the economy, and our status as the world's leading superpower are all tied together with our massive trade deficit. Re-Made in the USA addresses these issues using the author's firsthand observations and analysis, and offers a practical plan for how we can get our economy and global status back. A practical action plan to get the nation back on track If you're worried about America when you start reading this book, you'll finish feeling empowered Todd Lipscomb has a distinguished record in international business America's future does not have to be on the decline. In inspiring terms, Re-Made in the USA lays out the choice Americans have between doing nothing, and doing what we do best—rolling up our sleeves and working hard to fix the problem.

Urban Books' popular Girls From da Hood series is back, bringing readers more dramatic tales about the lives of some tough, resourceful women who can hold their own when things get rough on the streets. This time, Redd, Nikki-Michelle, and Erick S. Gray deliver the stories with their trademark flair. Like a hood-rich Bonnie and Clyde, Candy and Raynail have their hands on all of the drugs that run through the veins of Westwood. When Raynail is set up to take the fall for a crime he didn't commit, Candy goes on a mission to take down everyone involved. Baby and G.G. should be thinking about high school, but their minds are definitely not on studying. These two are tight like sisters, and they have each other's backs no matter what—until Baby comes up with a plan that involves blackmailing someone to kill G.G.'s man. When these two cousins clash, the shock wave will be felt throughout the hood. Vix Dixon is an upscale ghetto-girl that no man in his right mind wants to cross. She's a predator who preys on the weak. Her mission? To have any man or woman she wants by any means necessary. Now, she's set her sights on her teacher, Alex Rodriguez, and he bites the apple instead of a bullet. By the time Alex realizes just what he's gotten himself into, hell on earth will have a different meaning for him.

As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 20112012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada ' s automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an expos of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers cant beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.

The four-volume set LNCS 8517, 8518, 8519 and 8520 constitutes the proceedings of the Third International Conference on Design, User Experience, and Usability, DUXU 2014, held as part of the 16th International Conference on Human-Computer Interaction, HCI 2014, held in Heraklion, Crete, Greece in June 2014, jointly with 13 other thematically similar conferences. The total of 1476 papers and 220 posters presented at the HCI 2014 conferences were carefully reviewed and selected from 4766 submissions. These papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems. The papers accepted for presentation thoroughly cover the entire field of Human-Computer Interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The total of 256 contributions included in the DUXU proceedings were carefully reviewed and selected for inclusion in this four-volume set. The 45 papers included in this volume are organized in topical sections on DUXU in the enterprise, design for diverse target users, emotional and persuasion design, user experience case studies.
