Acclaimed as a "gifted, courageous writer"(The New York Times), Chris Adrian brings all his extraordinary talents to bear in The Great Night¶a brilliant and mesmerizing retelling of Shakespeare's "A Midsummer Night's Dream." On Midsummer Eve 2008, three people, each on the run from a failed relationship, become trapped in San Francisco's Buena Vista Park, the secret home of Titania, Oberon, and their court. On this night, something awful is happening in the faerie kingdom: in a fit of sadness over the end of her marriage, which broke up in the wake of the death of her adopted son, Titania has set loose an ancient menace, and the chaos that ensues will threaten the lives of immortals and mortals alike. Selected by The New Yorker as one the best young writers in America, Adrian has created a singularly playful, heartbreaking, and humorous novell¶a story that charts the borders between reality and dreams, love and magic, and mortality and immortality.

In the summer of 1863, Gob and Tomo Woodhull, eleven-year-old twin sons of Victoria Woodhull, agree to together forsake their home and family in Licking County, Ohio, for the glories of the Union Army. But on the night of their departure for the war, Gob suffers a change of heart, and Tomo is forced to leave his brother behind. Tomo falls in as a bugler with the Ninth Ohio Volunteers and briefly revels in camp life; but when he is shot clean through the eye in his very first battle, Gob is left to endure the guilt and grief that will later come to fuel his obsession with building a vast machine that will bring Tomo¶indeed, all the Civil War dead¶back to life. Epic in scope yet emotionally intimate, Gob¶s Grief creates a world both fantastic and familiar and populates it with characters who breath on the page, capturing the spirit of a fevered nation populated with lost brothers and lost souls.

An innovative story of love, decapitation, cryogenics, and memory by two of our most creative literary minds Jorie has just received some terrible news. A phone full of missed calls and sympathetic text messages seem to indicate that her husband, Jim, a chaplain at the hospital where she works as a surgeon, is dead. Only, not quite¶rather, his head has been removed from his body and cryogenically frozen. Jim awakes to find himself in an altogether unique situation, to say the least: his body gone but his consciousness alive, his only companion a mysterious, disembodied voice. In this surreal and unexpectedly moving work, Chris Adrian and Eli Horowitz spin a tale of loss and adjustment, death and reawakening. Simultaneously fabulist and achingly human, The New World finds Jorie grieving the husband she knew while Jim wrestles with the meaning of life after death. Conceived in collaboration with Atavist Books, The New World interrogates love and loss in the digital era.

Presents a modern retelling of Shakespeare's "A Midsummer Night's Dream," following the experiences of three people on the run from failed relationships who are transformed by a grieving faerie queen and a scheming homeless man.

A surreal and magical novel of hope in the midst of apocalypse by the acclaimed author of Gob's Grief—one of the most revelatory novels in recent memory—(San Francisco Chronicle). Chris Adrian's debut novel, Gob's Grief, was hailed as "a work unlike any that has come before it" (The Economist). Now, Adrian delivers a second work of visionary imagination in this magnificent tale of a children's hospital that survives, afloat, after the Earth is flooded beneath seven miles of water, and a young medical student who finds herself gifted with strange powers and a frightening destiny. Jemma Claflin is a third-year medical student at the unnamed hospital that is the only thing to survive after an apocalyptic storm. Inside the hospital, beds are filled with children with the most rare and complicated diseases. In this new-age Noah's Ark, there are two of each kind of sickness. As Jemma and her fellow doctors attempt to make sense of what has happened to the world, Jemma becomes a Moses figure, empowered with the mysterious ability to heal the sick by way of a green fire that shoots from her belly. Chris Adrian, a pediatrician and Harvard theologian, offers a work of stunning scope and mesmerizing detail that is "cleverly conceived and executed brilliantly" (San Francisco Chronicle).

A book of brilliant, adventurous stories from the award-winning Doug Dorst. With the publication of his debut novel, *Alive in Necropolis*, Doug Dorst was widely celebrated as one of the most creative, original literary voices of his generation—an heir to T.C. Boyle and Denis Johnson, a northern California Haruki Murakami. Now, in his second book, *The Surf Guru*, his full talent is on display, revealing an ability to explore worlds and capture characters that other writers have not yet discovered. In the title story, an old surfing-champion-turned-surfwear-entrepreneur sits on his ocean-front balcony watching a new generation of surfers come of age on the waves, all but one of whom wear wet suits emblazoned with the Surf Guru's name. An acid-tongued, pioneering botanist who has been exiled from the academy composes a series of scurrilous (and hilarious) biographical sketches of his colleagues and rivals, inadvertently telling his own story. A pair of twenty-first-century drifters course through a series of unusual adventures in their dilapidated car, chased west out of one town and into the next, dreaming of hitting the Pacific. Dorst's characters have all successfully cultivated a particular expertise, and yet they remain intent on moving toward the horizon, seeking hope in something new. Likewise, each of Dorst's stories is a virtuoso performance balancing humor and insight, achieving a perfect pitch, pulsing with a gritty and punchy, distinctly American realism—and yet always pushing on into the unexpected, taking us some place new.

Chris Adrian's first novel - Gob's Grief is a meticulous work of imagination, at once real and magical. In the summer of 1863, Gob and Tomo Woodhull, eleven-year-old twins, together agree to forsake their home and family in Licking County, Ohio, for the glories of the Union Army. But on the night of their departure for the war, Gob suffers a change of heart, and Tomo is forced to leave his brother behind. When Tomo is shot clean through the eye in his very first battle, Gob is left to endure the guilt and grief that will later come to fuel his obsession with building a vast machine that will bring Tomo -indeed, all the Civil War dead -back to life. This vision of a world without death brings together a host of drifters; all of whom have lost someone they love. These disparate lives gather round the charismatic, brilliant, Gob, whose mad dreams come to seem more and more likely to be realised. But the abolition of death and the success of Gob's machine may come at a price more hideous and awful than anyone could imagine.

Ever witness a miracle up front? Do you know anybody who has seen many and lived to tell it all? If your answer is no, you should read my book "Wounded." It is based on a true story of one man's struggles throughout his life. It will take you to the depths of poverty like no other. It will display how hard it is for someone to survive lacking the basic needs in life. The main character is a man named Santiago Jim Nunez. He is a Mexican American born in East Los Angeles, CA in 1949. He lived through foster homes since the age of six years old till he was 18 years old. His struggles continued when he went to fight in the Vietnam War. He was critically wounded and returned home. Only to discover a world where nobody cared about the veterans coming back from Nam. The aftermath and pain that came with it was draining. The lengthy battles with the VA to the constraints of money and resources. The battle between good and evil showdowns the ultimate test of faith. The battle is constantly fought throughout the entire book. This story is through the eyes of a young, battle weary soldier, adjusting to civilian life. The horrors that came home with Jim were relentless. They also took a toll on his personal relationships and his family. With nowhere to turn for help and the VA's lack to acknowledge veteran issues, Jim turned to the Lord for help. His faith would be tested in the most crucial times of his life. Throughout all the good and bad times, Jim never lost his faith. It is the biggest reason he conquered his demons and is here to share his story today. His story is one that is not here to glamorize his mistakes. What it is here for is to instill hope and faith in others who feel alone. To help those who have gone through the same pitfalls as he has. Others who feel like they have no place to turn for help. The same way he felt when he came back from Vietnam. It is here to give thanks to the many who helped him with his struggles along the way. It is here to give thanks to the Lord for all his blessings he has endured through life. The great changes he made to make life worth living and fighting for.
