Arturo Márquez - Danzón No. 2 - video dailymotion

The several works entitled Danzón by Mexican composer Arturo Márquez signal that he, like so many composers of his generation (he was born in Álamos, Sonora, in 1950), has rejected serial and other avant-garde styles of composition learned in conservatories in the 1960s and 1970s, and embraced a more communicative, tonal language.

Danzón for orchestra No. 4 | Details | AllMusic

Amazon.co.uk. Anthologies of Latin American music seem to be a dime a dozen these days and tend to showcase the same coterie of giants. The joy of this Dorian release--beyond its stunning, full-bodied sound--is its inclusion of music from lesser-known composers, namely Arturo Márquez, Javier Alvarez, Marlos Nobre, and Alejandro Caturla.

Danzón: Amazon.co.uk: Music

One particularly fun piece at this concert is Arturo Márquez ' s Danzón No. 2. Arturo Márquez was born December 20, 1950, in Sonora, Mexico. Music is in his blood; his grandfather was a folk musician in Sonora and Chihuahua, and his father performed mariachi in Mexico and California.

Arturo Márquez and Danzón No. 2 - Tucson Symphony Orchestra

Arturo Márquez la va concebre durant un viatge a Malinalco amb el pintor Andrés Fonseca i la ballarina Irene Martínez, ambdós amants dels balls de saló mexicans i del danzón, els quals, per a col·laborar a la inspiració de la peça, van realitzar amb l'autor viatges al port de Veracruz, on el ball de danzón es molt tradicional.

Danzon no. 2 — Arturo Márquez | Last.fm

Born in Mexico, Arturo Márquez spent his middle school and high school years in La Puente, California, where he began his musical training.

This work offers an edition and translation of some 30 poems by the trobairitz, a remarkable group of women poets from the twelfth and thirteenth centuries, who composed in the style and language of the troubadours. Introductory essays and notes by specialists in the field place the poems in literary, linguistic, historical, social and cultural contexts. English versions facing Occitan texts elucidate the original language and themes, while supplying poems that can be enjoyed by contemporary readers . The varied corpus includes love songs (cansos), debate poems (tensos), political satires (sirventes) and other lyrical sub-genres (including dawn-song, lament, ballad, chanson de mal mariee). To represent the range of female voices available in the lyric corpus of the troubadours, the editors have selected songs consistently attributed to historically documented women poets, as well as songs whose authorship is open to question. The latter may be presented by the manuscripts with or without a named woman poet, but all offer female speakers personae characteristic of troubadour poets in general.

Long a favorite on dance floors in Latin America, the porro, cumbia, and vallenato styles that make up Colombia's música tropical are now enjoying international success. How did this music—which has its roots in a black, marginal region of the country—manage, from the 1940s onward, to become so popular in a nation that had prided itself on its white heritage? Peter Wade explores the history of música tropical, analyzing its rise in the context of the development of the broadcast media, rapid urbanization, and regional struggles for power. Using archival sources and oral histories, Wade shows how big band renditions of cumbia and porro in the 1940s and 1950s suggested both old traditions and new liberties, especially for women, speaking to a deeply rooted image of black music as sensuous. Recently, nostalgic, "whitened" versions of música tropical have gained popularity as part of government-sponsored multiculturalism. Wade's fresh look at the way music transforms and is transformed by ideologies of race, nation, sexuality, tradition, and modernity is the first book-length study of Colombian popular music.

Story of almost a thousand years of song, from the time of the troubadours, to the present day.

Most previous books about Dmitri Shostakovich have focused on either his symphonies and operas, or his relationship to the regime under which he lived, or both, since these large-scale works were the ones that attracted the interest and sometimes the condemnation of the Soviet authorities. "Music for Silenced Voices" looks at Shostakovich through the back door, as it were, of his fifteen quartets, the works which his widow characterized as a "diary, the story of his soul." The silences and the voices were of many kinds, including the political silencing of adventurous writers, artists, and musicians during the Stalin era; the lost voices of Shostakovich's operas (a form he abandoned just before turning to string quartets); and the death-silenced voices of his close friends, to whom he dedicated many of these chamber works. Wendy Lesser has constructed a fascinating narrative in which the fifteen quartets, considered one at a time in chronological order, lead the reader through the personal, political, and professional events that shaped Shostakovich's singular, emblematic twentieth-century life. Weaving together interviews with the composer's friends, family, and colleagues, as well as conversations with present-day musicians who have played the quartets, Lesser sheds new light on the man and the musician. One of the very few books about Shostakovich that is aimed at a general rather than an academic audience, "Music for Silenced Voices" is a pleasure to read; at the same time, it is rigorously faithful to the known facts in this notoriously complicated life. It will fill readers with the desire to hear the quartets, which are among the most compelling and emotionally powerful monuments of the past century's music.

Raised in a family of four, Kylila thinks she has the most ideal family. After her village has been burnt down, her deep, dark secret in her life begins to unfold. Having the powers to save or destroy the world, which would Kylila choose?

This book, first published in 1936, provides an introduction to the various branches of criminology, including criminal psychology and criminology as an applied science. This title also provides an overview of some of the different criminological schools and theories. This book will be of interest to students of criminology and sociology.
