Not only does it include bass, tenor, and alto clef, but it also features some very sophisticated musical ideas and many challenges beyond just clefs.

Clefs | Trombonetools

Introductory Studies in Tenor & Alto Clef for Trombone

"Before Blazhevich" by Brad Edwards, Ensemble

Publications, Ithaca, NY, 2002. Many of us have done battle with the time honored Blazhevich Clef Studies either as a student, teacher or both. While Blazhevich's quirky etudes are excellent studies for teaching clef reading while solving varied musical problems, the typical complaints are that the first section (where studies are limited by an expanding number of positions) is too simplistic ...

Material contained in this book will not only enable trombonists to acquaint them with the basic functions of reading the alto, tenor and bass clefs, but will also afford the opportunity to practice: Legato slurring, mixed meters, odd meters, sequential exercises, scale and arpeggio patterns, F attachment exercises. The realization of a true legato style is one of the trombonist's most cherished dreams; to further the student's progress in developing such a legato technique, the editor has cast many of the exercises formerly set in a straight forte tonguing style into an expressive legato setting. Thus, while the student is mastering the problems of changing clefs he/she may also be applying the soft tongue (dah) legato approach to the musical examples contained herein.

Blazhevich's Clef Studies for Trombone has long been considered the clef studies bible. Progressive etudes range from clef introductions for novices to challenging exercises for

the expert. This book will help develop serious reading skills in bass, tenor and alto clef. A must for the aspiring symphonic trombonist.

Expertly arranged Trombone Duets by Vladislav Blazhevich from the Kalmus Edition series. This is from the 20th Century era.

These etudes transcribed from the vocalises of Bordogini have been specially prepared for use by the trombonists, to perfect their technic generally and in particular to develop style in the interpretation of melody in all its varied forms of expression.

This book has over 100 etudes and 33 duets relying exclusively on the natural slurs of a trombone. They are designed for the common F-attachment tenor trombone although one section is meant exclusively for the double-valve bass trombone. They progress from easy to quite challenging.

The Intermediate Trombonist is designed to fill a void that exists between beginning books and more advanced materials. It has five main sections and seven appendices. Contents include a warm-up, lip slurs, legato etudes, varied articulation etudes and simple tunes.

Georg Kopprasch was born sometime before 1800, pursued a career as a horn player at least until 1832, and composed two sets of horn etudes which includes this set of 60 etudes, Op.
