This is a movie tie-in edition and any reviews posted before October 10, 2019 are from the previous edition of the same title published in 2015. Aisha Chaudhary was born with SCID (severe combined immune deficiency) and underwent a bone-marrow transplant when she was six months old. She lived in New Delhi, where she was born. The year 2014 was brutal for Aisha as her disease progressed, and her lungs started giving up on her. The last few months of the year felt like a roller-coaster ride, one that seemed to be mostly going down. Spending almost all her time lying in bed, Aisha wrote down her thoughts to get some relief, to get them out of her head. Aisha's life was not anything like the average life of an urban teenager, but she had experienced a lifetime of emotions; life and death, fear and anger, love and hate, the depths of utter sorrow and the happiest one can be. In My Little Epiphanies she took a hard look at her own feelings and what it was that gave her a sense of hope and control. This book gave her life purpose and meaning, something to hold on to. Sometimes, Aisha's little epiphanies had morphed into doodles that capture what was going on in her mind as her destiny played itself out. Through the book she wanted the world to understand her unusual life and she hoped that it will inspire others, going through similar hardships, to find peace.

The demon-king Ravana, born of a union between the holiest of mortals and a demon princess, has risen from an obscure beginning at a hermitage to conquer not just hell but heaven too. No less than a god to his own people, he is the sheer embodiment of evil to his enemies. This arrogant demon brooks no hindrance to snatching his heart's desire, and his terror seems unstoppable to gods and humans alike. But he makes a mistake when he abducts the wife of Lord Rama, the exiled divine ruler of Ayodhya. Ravana is a story of a demon, who dared to challenge the gods, and almost got away with it. Ravana's tale is one that will incite awe and fear simultaneously. Whose side was this enigma on, good or evil? The obvious answer seems to be but one: his own. Or was he really? This graphic novel seeks to explore that question, and others.

This comprehensive title is among the first to extensively use newly released 2010 U.S. Census data to examine multiculturalism today and tomorrow in America. This distinction is important considering the following NPR report by Eyder Peralta: Based on the first national numbers released by the Census Bureau, the AP reports that minorities account for 90 percent of the total U.S. growth since 2000, due to immigration and higher birth rates for Latinos. According to John Logan, a Brown University sociologist who has analyzed most of the census figures, The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations. Both non-Hispanic whites and blacks are getting older as a group. These groups are tending to fade out. he added. Another demographer, William H. Frey with the Brookings Institution, told The Washington Post that this has been a pivotal decade. We're pivoting from a white-black-dominated American population to one that is multiracial and multicultural. Multicultural America: A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today. Pedagogical elements include an introduction, a thematic reader's guide, a chronology of multicultural milestones, a glossary, a resource guide to key books, journals, and Internet sites, and an appendix of 2010 U.S. Census Data. Finally, the electronic version will be the only reference work on this topic to augment written entries with multimedia for today's students, with 100 videos (with transcripts) from Getty Images and Video Vault, the Agence France Press, and Sky News, as reviewed by the media librarian of the Rutgers University Libraries, working in concert with the title's editors.
