Independent adoption petition investigations in California cost \$4,500. Adopting from foster care is a different story, however. Just like when fostering a child, there are typically zero or minimal fees involved. And, during the time in which a child is being fostered, families qualify for a stipend to help with expenses.

An adoption agreement form needs to be signed by the child's current parents or guardians and, if the child is over age 12, the child must agree to the adoption. California requires an Indian Child Inquiry form, stating that the child is or isn't of Indian descent. If the child is of Indian descent, an additional form needs to be submitted.

Generations of adults who were adopted as children have been kept in the dark about their original identities. The law sealing birth records, passed in 1935 in California during the Great Depression, swept adoptions emotional complexities under the rug and made it possible to keep adoption itself a secret. Reflecting extensive archival research and written for general audiences as well as professionals, *Growing in the Dark: Adoption Secrecy and Its Consequences* takes you through Californias early adoption laws, the sealing of records in the era of baby seller Georgia Tann, and the various consequences of this policy as they unfolded throughout the 20th century. WHAT REVIEWERS HAVE SAID: "...articulate, easy to read, and filled with real facts concerning sealed records." - Jean Brown, adoptee "If you work or live with adoption, you cannot afford to skip this book. Everyone seeking to reverse outdated sealed records laws should also provide a copy of the slim paperback to their legislatures." - Mirah Riben, author "...full of fascinating information...you wont be able to put it down." - Anita Field, *Bastard Nation* "Janine Baer, who was adopted in California, focuses on the California law enacted in 1935 sealing original birth certificates. Contrary to the popular perception, the intent of this law was not to protect the privacy of birthmothers. Rather, these records were sealed to protect children from the stigma of illegitimacy, to protect adoptive parents from intrusions by birthparents, to allow adoptive parents to keep the childs adoptive status a secret, to create the illusion that the birthparents did not exist, and to prevent adoptees from finding their birthfamilies. ...This is an excellent book for birthparents, adoptees, and adoptive parents who want to know how we got to where we are." - Jane Edwards, Portland, Oregon "Growing in the Dark, by virtue of its modest length and accessibility, can be used to educate people both within and outside of the adoption reform movement about the effects of sealed records and the faulty premises used to support them." - Barbara Busharis, American Adoption Congress "Decree" "Extensive notes and bibliographic information make it an excellent resource for those arguing for open records." - Sandra Falconer Pace, Canadian Council of Natural Mothers Note on price: Nonprofit organizations and resellers get 40% off. Call Xlibris for these orders: 1-888-795-4274.

Adoption Affirmations provides you positive thoughts to say to yourself for each part of your adoption journey and even some for your loved ones to say. You will also find a few tender thoughts that your child-to-be may say to you someday. There are nearly 80 affirmations in all to help you remain hopeful, confront your fears with grace, feel in control during the highs and lows, and increase your joy. *Adoption Affirmations* is unique in that it is also a flipbook of a growing tree to provide you visual inspiration. As your hope grows, so too does the realization of your own family tree. I wish *Adoption Affirmations* was around years ago when I went through the adoption process. The book is a wonderful resource. May it inspire you to adopt, especially since there are so many children of all ages out there who need you. Jean Forsythe, *One of California's First Single Women to Adopt a Child* *Adoption Affirmations* is a beautiful and profoundly comforting book, which will be a treasured companion during the adoption journey. Semmelman and Biers have written an inspirational and indispensable guide

which will help keep your heart open on your path to finding the child that was meant for you. Robin Berman, MD, Associate Professor of Psychiatry at UCLA, and Author of Permission to Parent Adoption Affirmations is more than a book, it is a heartfelt tool to refer to often for every person wanting to adopt a child. It will encourage you to persevere with a heart of hope and compassion as you become an incredible blessing to children through adoption. Reggie Doss (NFL Legend) & Tamara Doss (Radio Show Host), Adoptive Parents Adoption Affirmations is a landmark book for anyone considering adoption. The book's understanding between the mind, emotions, and self-talk is insightful and significant. The book is based on personal experiences and serves as a practical handbook for adoption. I highly recommend it. Dr. Marvin Marshall, Former Elementary, Middle, and High School Principal, and Author of Parenting Without Stress: How to Raise Responsible Kids While Keeping a Life of Your Own Adopting Parents everywhere will be encouraged by these morsels of adoption wisdom. Adoption Affirmations infuses HOPE into the oft-times challenging journey of adoption and helps make sense of the roller-coaster emotions adoptive parents often experience along the way. These authors know their subject matter firsthand and offer incredible insight to their readers. Celeste Liversidge, Family Law Attorney

If you are researching a California adoption, this is a must read book. This book could have saved me more than 10 years investigating my own adoption. That is why I wrote the book. It simplifies adoption research. Regardless if you are an adopted child searching for birth parents or a birth parent searching for a child given up for adoption, this book makes it much easier. It is a road map to success in adoption research in California. Some of this information may work in other states. It works in California. I know that for sure.

“Powerful” Tells a singular story to illuminate a universal truth.--The New York Times Book Review The shocking truth about postwar adoption in America, told through the bittersweet story of one teenager, the son she was forced to relinquish, and their search to find each other During the Baby Boom in 1960s America, women were encouraged to stay home and raise large families, but sex and childbirth were taboo subjects. Premarital sex was common, but birth control was hard to get and abortion was illegal. In 1961, sixteen-year-old Margaret Erle fell in love and became pregnant. Her enraged family sent her to a maternity home, and after she gave birth, she wasn't even allowed her to hold her own son. Social workers threatened her with jail until she signed away her parental rights. Her son vanished, his whereabouts and new identity known only to an adoption agency that would never share the slightest detail about his fate. Claiming to be acting in the best interests of all, the adoption business was founded on secrecy and lies. American Baby lays out how a lucrative and exploitative industry removed children from their birth mothers and placed them with hopeful families, fabricating stories about infants' origins and destinations, then closing the door firmly between the parties forever. Adoption agencies and other organizations that purported to help pregnant women struck unethical deals with doctors and researchers for pseudoscientific "assessments," and shamed millions of young women into surrendering their children. Gabrielle Glaser dramatically demonstrates the power of the expectations and institutions that Margaret faced. Margaret went on to marry and raise a large family with David's father, but she never stopped longing for and worrying about her firstborn. She didn't know he spent the first years of his life living just a few blocks away from her; as he grew, he wondered about where he came from and why he was given up. Their tale--one they share with millions of Americans--is one of loss, love, and the search for identity. Adoption's closed records are being legally challenged in states nationwide. Open adoption is the rule today, but the identities of many who were adopted or who surrendered a child in the postwar decades are locked in sealed files. American Baby illuminates a dark time in our history

This gripping memoir details an ordinary American woman's quest to adopt a baby girl from Guatemala in the face of overwhelming adversity. At only 32 years old, Jessica O'Dwyer experiences early menopause, seemingly ending her chances of becoming a mother. Years later, married but childless, she comes across a photo of a two-month-old girl on a Guatemalan adoption website and feels an instant connection. From the get-go, Jessica and her husband face numerous and maddening obstacles. After a year of tireless efforts, Jessica finds herself abandoned by her adoption agency; undaunted, she quits her job and moves to Antigua so she can bring her little girl to live with her and wrap up the adoption, no matter what the cost. Eventually, after months of disappointments, she finesses her way through the thorny adoption process and is finally able to bring her new daughter home. Mamalita is as much a story about the bond between a mother and child as it is about the lengths adoptive parents go to in their quest to bring their children home. At turns harrowing, heartbreaking, and inspiring, this is a classic story of the triumph of a mother's love over almost insurmountable odds.
