Toibin's homage comes from a man who learned Catalan, who lived in Barcelona during the Franco Years, the beginnings of the new era, and foresaw the problems of Catalan Nationalism. While he and I shared the summer of 1981 in Barcelona, his Barcelona opened my eyes to what I missed. I saw the Barcelona of Guadi and Picasso, but missed Miro.

Tóibín's first novel, 1990's *The South*, was partly inspired by his time in Barcelona, as was, more directly, his non-fiction *Homage to Barcelona* (1990). Having returned to Ireland in 1978, he began to study for a master's degree. However, he did not submit his thesis and left academia, at least partly, for a career in journalism.

A personal evocation of the cosmopolitan city of Barcelona, considered by some to be the fashionable city of the 90s. First built by 14th-century merchants and rebuilt by Catalan nationalists five centuries later, Barcelona is the centre of Catalan culture.

A monumentally informed and irresistibly opinionated guide to the most un-Spanish city in Spain, from the bestselling author of *The Fatal Shore*. In these pages, Robert Hughes scrolls through Barcelona's often violent history; tells the stories of its kings, poets, magnates, and revolutionaries; and ushers readers through municipal landmarks that range from Antoni Gaudi's sublimely surreal cathedral to a postmodern restaurant with a glass-walled urinal. The result is a work filled with the attributes of Barcelona

Yajrapre itself: proportion, humor, and seny—the Catalan word for triumphant common sense.

\* A Washington Post Notable Fiction Book of the Year \* Named a Best Book of 2017 by NPR, The Guardian, The Boston Globe, St. Louis Dispatch From the thrilling imagination of bestselling, award-winning Colm Tóibín comes a retelling of the story of Clytemnestra and her children—brilliant—gripping—high drama—made tangible and graphic in Tóibín’s lush prose (Booklist, starred review). “I have been acquainted with the smell of death.” So begins Clytemnestra’s tale of her own life in ancient Mycenae, the legendary Greek city from which her husband King Agamemnon left when he set sail with his army for Troy. Clytemnestra rules Mycenae now, along with her new lover Aegisthus, and together

they plot the bloody murder of Agamemnon on the day of his return after nine years at war. Judged, despised, cursed by gods, Clytemnestra reveals the tragic saga that led to these bloody actions: how her husband deceived her eldest daughter Iphigeneia with a promise of marriage to Achilles, only to sacrifice her; how she seduced and collaborated with the prisoner Aegisthus; how Agamemnon came back with a lover himself; and how Clytemnestra finally achieved her vengeance for his stunning betrayal—his quest for victory, greater than his love for his child. *House of Names* is a disturbingly contemporary story of a powerful woman caught between the demands of her ambition and the constraints on her gender—Never before has Tóibín demonstrated such range, (The Washington Post). He brings a modern sensibility and language to an ancient

classic, and gives this extraordinary character new life, so that we not only believe Clytemnestra's thirst for revenge, but applaud it. Told in four parts, this is a fiercely dramatic portrait of a murderess, who will herself be murdered by her own son, Orestes. It is Orestes's story, too: his capture by the forces of his mother's lover Aegisthus, his escape and his exile. And it is the story of the vengeful Electra, who watches over her mother and Aegisthus with cold anger and slow calculation, until, on the return of her brother, she has the fates of both of them in her hands.

From the author of *The Master and Brooklyn*, Colm Tóibín weaves together the lives of three generations of estranged women as they reunite to witness and mourn the death of a brother, a son, and a grandson. It is Ireland in the early 1990s. Helen, her mother, Lily, and her

grandmother, Dora, have come together to tend to Helen's brother, Declan, who is dying of AIDS. With Declan's two friends, the six of them are forced to plumb the shoals of their own histories and to come to terms with each other. Shortlisted for the Booker Prize, *The Blackwater Lightship* is a deeply resonant story about three generations of an estranged family reuniting to mourn an untimely death. In spare, luminous prose, Colm Tóibín explores the nature of love and the complex emotions inside a family at war with itself. Hailed as "a genuine work of art" (*Chicago Tribune*), this is a novel about the capacity of stories to heal the deepest wounds.

Mann, James Baldwin, Elizabeth Bishop, Mark Doty, and Thom Gunn--and how many of them were forced to hide the truth about their private lives. Reprint. 12,500 first printing.

From one of today's most brilliant and beloved novelists, a dazzling, epic family saga set across a half-century spanning World War I, the rise of Hitler, World War II, and the Cold War. Colm Tóibín's magnificent new novel opens in a provincial German city at the turn of the twentieth century, where the boy, Thomas Mann, grows up with a conservative father, bound by propriety, and a Brazilian mother, alluring and unpredictable. Young Mann hides his artistic aspirations from his father and his homosexual desires from everyone. He is infatuated with one of the richest, most cultured Jewish families in Munich, and marries the daughter Katia.

They have six children. On a holiday in Italy, he longs for a boy he sees on a beach and writes the story *Death in Venice*. He is the most successful novelist of his time, winner of the Nobel Prize in literature, a public man whose private life remains secret. He is expected to lead the condemnation of Hitler, whom he underestimates. His oldest daughter and son, leaders of Bohemianism and of the anti-Nazi movement, share lovers. He flees Germany for Switzerland, France and, ultimately, America, living first in Princeton and then in Los Angeles. In a stunning marriage of research and imagination, Tóibín explores the heart and mind of a writer whose gift is unparalleled and whose life is driven by a need to belong and the anguish of illicit desire. *The Magician* is an intimate, astonishingly complex portrait of Mann, his magnificent and complex wife Katia, and the times in

which they lived—the first world war, the rise of Hitler, World War II, the Cold War, and exile. This is a man and a family fiercely engaged by the world, profoundly flawed, and unforgettable. As *People* magazine said about *The Master*, “It’s a delicate, mysterious process, this act of creation, fraught with psychological tension, and Tóibín captures it beautifully.”

Determined to escape her family and become a painter, Katherine flees Ireland for Barcelona, where she builds a life with Miguel, a veteran of the Spanish Civil War, until her past catches up to her.

Yujicoo municipal government a double opportunity to establish an internal consensus and launch Barcelona as a happy combination of European cosmopolitanism and Mediterranean rootedness. The staging of this municipal "euphoric postpolitics," which entailed an extensive process of urban renewal, connects with the similarly exultant contexts of a reviving Catalan nation, post-transitional Spain, and post-Cold War globalization. The transformation of Barcelona, in turn, contributed to define the ideologies of globalization, as the 1992 Games were among the first global mega-events that celebrated the neoliberal "end of history." Three types of materials are examined: political speeches and scripts of the Olympic ceremonies, with special focus on Xavier Rubert de Ventós's screenplay for the reception of the flame

From the award-winning author of Brooklyn and The Master, a powerful, brave, and moving novel set in Argentina. In Argentina, in the time of the Generals, the streets are empty at night, and people have trained themselves not to see. Richard Garay lives with his mother, hiding his sexuality from her and from society. Stifled by his job, Richard is willing to take chances, both sexually and professionally. But Argentina is changing, and as his country edges toward peace, Richard tentatively begins a love affair. The result is a powerful, brave, and poignant novel of sex, death, and the difficulties of connecting one's inner life with the outside world.
