Don't want to be me anymore!! | Mental Health Forum

I don't want to be any more. I'm so tired and I'm sick of being such a useless waste of skin. I've
been on and off antidepressants for years and I hate what they do to me but I know that's the
only "help" I'd get were I to see a doctor. I spent a lot of time as an inpatient in my teenage
years and I don't feel like I'm salvageable.

I don't want to do this anymore : SuicideWatch

DH and I have decided our family is complete and we don't want any more kids. DH went to the docs today and asked about having the snip. Doctor told DH that 1 in 20 men experience a lifelong pain in the scrotum area after having the snip and that it would be easier for me to have the coil/injection/implant fitted.

I'm £10,000 in debt and I don't want to be ashamed about ...

I genuinely don't want to live anymore. The title says it all... I really just don't want to be alive anymore. I've struggled with anxiety for many years and depression for the past year. I'm just so tired and fed up with dealing with the stress everyday. I had a suicide attempt this past May followed by months of therapy.

& Winning formula of tapping in to a deep-seated need/desire and offering the promise of an answer. &

& ☐ Huge, need-based market. The majority of people at work sometimes wonder if there is another way, another world that would make them happier. &

& ☐ Title has immediate impact and clarity of outcome - especially for those many thousands who were given 'Who moved my cheese?' to try and keep them quiet and happy about their corporate lot. &

& ☐ From the bestselling author of Rules of Work (8000 copies in its first 6 months)

This is my story of years of unaddressed, devastating emotional abuse, why I believed I could not leave the relationship, the elusive hope I continued to hold on to and the resulting psychological damage. The book describes my personal feelings and thoughts captured in my journals and the words of other women with similar experiences. I discuss warning signs and guidelines to help the abused and the abuser before it's too late. Most importantly, I describe how remarkably I was able to recover and how my life eventually changed. There is hope for the emotionally abused woman.

Do you feel all the feels all the time? Are you fed up with the mainstream spiritual "love and light" scene that calls for constant positivity, even in the face of true loss, trauma, and pain? If so, this book is for you. I Don't Want to Be an Empath Anymore is a gift for the jaded empath searching for authenticity in spirituality, and spirituality in being authentic—something beyond the clichéd, positive affirmations that seem to invalidate our anger, sadness, and pain. When we feel broken—and when real damage has been done, it's not always helpful to ignore our feelings and tell ourselves that we are perfect and whole. In this refreshingly honest guide,

shamanic practitioner Ora North offers practical exercises to help you navigate your intuition and empathic sensitivities, create much-needed boundaries, and build confidence. You'll also learn to balance your emotions and energy, and harness the strength of your shadow side to embrace your whole self and live your best life. Like the Japanese craft known as Kintsugi—the art of repairing broken pottery using a lacquer dusted with powdered gold—the process of acknowledging and repairing our fragmented selves can make us even more beautiful than before, cracks and all. In this book, you won't find platitudes or attempts to whitewash your experiences. What you will find are real, practical tools and guidance to help you make the most of your unique abilities.

acknowledging and repairing our fragmented selves can make us even more beautiful than before, cracks and all. In this book, you won't find platitudes or attempts to whitewash your experiences. What you will find are real, practical tools and guidance to help you make the most of your unique abilities.

Jake Colson, an overworked and disillusioned pastor, happens into a stranger who bears an uncanny resemblance (in manner) to the apostle John. A number of encounters with John as well as a family crisis lead Jake to a new understanding of what his life should be like: one filled with faith bolstered by a steady, close relationship with the God of the universe. Facing his own disappointment with Christianity, Jake must forsake the habits that have made his faith rote and rediscover the love that captured his heart when he first believed. Compelling and intensely personal, **SO YOU DON'T WANT TO GO TO CHURCH ANYMORE** relates a man's rebirth from performance-based Christianity to a loving friendship with Christ that affects all he does, thinks, and says. As John tells Jake, "There is nothing the Father desires for you more than that you fall squarely in the lap of his love and never move from that place for the rest of your life."

This is a book composed to shed some light on the two worlds that are currently at war within the African American Community. A war that is wage between the highly educated and the less sophisticated African American. Who's right or who's wrong is not the question, for both sides raises valid points in the defense to justify its existance. Instead the question is how can the two come together to ensure a possibility of survival as one. This is a compelling fictional

story that takes its reader on a historical journey through the judicial, educational, and political disparities that has played a profound impact in the destruction of the African American family. This story touches upon the importances of family structure no matter whether it's inside or outside of the home by emphasizing the dire need of having both parents being actively involved during the crucial early stages of their childrens' development.

This book teaches frustrated, stressed-out parents that selectively ignoring certain behaviors can actually inspire positive changes in their kids. With all the whining, complaining, begging, and negotiating, parenting can seem more like a chore than a pleasure. Dr. Catherine Pearlman, syndicated columnist and one of America's leading parenting experts, has a simple yet revolutionary solution: Ignore It! Dr. Pearlman's four-step process returns the joy to child rearing. Combining highly effective strategies with time-tested approaches, she teaches parents when to selectively look the other way to withdraw reinforcement for undesirable behaviors. Too often we find ourselves bargaining, debating, arguing and pleading with kids. Instead of improved behavior parents are ensuring that the behavior will not only continue but often get worse. When children receive no attention or reward for misbehavior, they realize their ways of acting are ineffective and cease doing it. Using proven strategies supported by research, this book shows parents how to: - Avoid engaging in a power struggle - Stop using attention as a reward for misbehavior - Use effective behavior modification techniques to diminish and often eliminate problem behaviors Overflowing with wisdom, tips, scenarios,

frequently asked questions, and a lot of encouragement, Ignore It! is the parenting program that promises to return bliss to the lives of exasperated parents.

“Honest and moving . . . Her painful tale is engrossing.” Washington Post Book World For most of us, it was just another horrible headline. But for Deborah Spungen, the mother of Nancy, who was stabbed to death at the Chelsea Hotel, it was both a relief and a tragedy. Here is the incredible story of an infant who never stopped screaming, a toddler who attacked people, a teenager addicted to drugs, violence, and easy sex, a daughter completely out of control—who almost destroyed her parents’ marriage and the happiness of the rest of her family.

"I don't love you anymore." These simple words have the power to send the listener into shock, denial, and desperation. The obvious response is to ask oneself, "What can I do to win my partner back?" In I Don't Love You Anymore, Dr. David Clarke provides just the battle plan needed. Contrary to what many relationship "experts" recommend—weak, passive plans that involve begging or romancing a spouse back—Clarke offers an approach that he calls guerilla love, which essentially turns the tables on the wandering spouse. He outlines the biblical view of marriage and instructs readers on: Drawing healthy boundaries. Five things he really means when he says, "I don't love you anymore." The most popular "exit lies" and how to see through them. Classic symptoms of a person who is having an affair. Most important, Clarke empowers and equips readers to make the best, most God-honoring, attempt at saving a marriage.
