Inner Work: Using Dreams and Active Imagination for Personal Growth, by Robert A. Johnson. Book review by Tasha Tollman. Judging by the plethora of books on dream interpretation that can be found in most book shops, we all want to know what our dreams mean and pioneering Jungian Analyst, Robert Johnson explores avenues into the unconscious as they pertain to reading the symbolic language of dreams, engaging in Active Imagination and the use of ceremony and fantasy.

~~Inner Work (book review): Using Dreams and Active...~~

Every person must live the inner life in one form or another. Consciously or unconsciously, voluntarily or involuntarily, the inner world will claim us and exact its dues. If we go to that realm consciously, it is by our inner work: our prayers, meditations, dream work, ceremonies, and Active Imagination.

~~Inner Work: Using Dreams and Active Imagination for...~~

A noted author and Jungian analyst teaches how to use dreams and inner exercises to achieve personal wholeness and a more satisfying life.

~~Inner Work Using Dreams & Active Imagination For Personal...~~

Dreams express the unconscious. Dreams are dynamic mosaics, composed of symbols, that express the movements, conflicts, interactions, and developments of the great energy systems within the unconscious. The unconscious has a particular capacity to create images and to use those images as symbols.

When we do inner work, we are shining the light of awareness onto our inner landscape which is composed of the various layers of our mind: the conscious, subconscious, and unconscious realms. Your inner self consists of your hidden feelings, memories, thoughts, beliefs, prejudices, wounds, shadows, and other mental/emotional conditions that influence your ability to transform and feel Whole at ...

From Robert A. Johnson, the bestselling author of Transformation, Owing Your Own Shadow, and the groundbreaking works He, She, and We, comes a practical four-step approach to using dreams and the imagination for a journey of inner transformation. In Inner Work, the renowned Jungian analyst offers a powerful and direct way to approach the inner world of the unconscious, often resulting in a central transformative experience. A repackaged classic by a major name in the field, Robert Johnson ' s Inner Work enables us to find extraordinary strengths and resources in the hidden depths of our own subconscious.

Demonstrates how dreams and imagination can be transformed into an active, creative part of one's life. Shows how to integrate the total self and gain valuable insight into the conflicts and desires that motivate us.

The esteemed Jungian psychologist counsels on how to cope with feelings of failure or regret in the latter half of life and how to open to a more meaningful existence, even if outer circumstances cannot be changed. In Living Your Unlived Life, the renowned therapist Robert A. Johnson, writing with longtime collaborator and fellow Jungian psychologist Jerry M. Ruhl, offers a simple but transformative premise: Our abandoned, unrealized, or underdeveloped talents, when they are not fully integrated into our lives, can become profoundly troublesome in midlife, leading us to depression, suddenly hating our spouses, our jobs, or even our lives. When our unlived lives are brought to consciousness, however, they can become the fuel that can propel us beyond our limitations?even if our outer circumstances cannot always be visibly altered.

Discusses the significance of dreams and describes techniques for using dreams to increase creativity, gain psychological insights, and solve personal problems

A bestselling author shows how we can reclaim and make peace with the "shadow" side of our personality.

Provides an illuminating explanation of the origins and meaning of romantic love and shows how a proper understanding of its psychological dynamics can revitalize our most important relationships.

This is a hands-on manual for anyone who is interested in dreams. At the same time, it is the story of a personal journey through the dream world by the author and several of his patients and students. Robert Bosnak offers exercises and strategies for studying dreams, including: • Remembering and recording dreams • Analyzing a written dream text • Studying a series of dreams for its underlying themes • Using the techniques of active imagination and amplification • Working on dreams alone, in pairs, and in groups Through this Little Course in Dreams it becomes clear that the imagination is a powerful force that simultaneously "poisons" us and provides the remedies to the soul's ills. Dreamwork thus opens the way to the healing and transformation of the soul.

Robert A. Johnson, bestselling author of He, She, We and other psychology classics, shares a lifetime of insights and experiences in this easy-to-read book on psychological projection - seeing traits in others that are, in fact, our own. Drawing on early Christianity, mediaeval alchemy, depth psychology and the myths of The Flying Dutchman and The Once and Future King, he, also, explores the subjects of loneliness, fundamentalist religion and the spiritual dimensions of psychology.

Discusses the development of theories relating to dreams and the techniques used for discovering their meaning, reviews the findings of dream science in the areas of psychology, neurology, and biology, looks at how dreams are formed, and provides advice on how to decipher them.

Author, psychiatrist and scholar, painter, world traveler, and above all visionary dreamer, Carl Jung was one of the great figures of the twentieth century. A comprehensive compilation of his work on dreams, this popular book is without parallel. Skillfully weaving a narrative that encompasses all of his major themes - mysticism, religion, culture and symbolism - Jung brings a wealth of allusion to the collection. He identifies such issues as the filmic quality of some dreams, and the differences between 'personal dreams' - dreams that exist on the individual level - and 'big dreams' - dreams that we all experience, that come from the collective unconscious. Dreams provides the perfect introduction to his concepts to those unfamiliar with Jung's work. Perfectly illuminating his user-friendly approach to life, Dreams is the ideal addition to any Jung collection.
