Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of

leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

Backed by over 20 years of original research, The Leadership Challenge Workshop is a unique and intense discovery process created by best-selling authors Jim Kouzes and Barry Posner. The Workshop demystifies the concept of leadership and approaches it as a learnable set of behaviors. In other words, forget about job titles, forget about position or rank or work experience. Leadership is about what you do. In this non-manager version of the Participant Workbook, Kouzes and Posner introduce individual contributors to The Five Practices of Exemplary Leadership. The one-day program is about how the "leadership is not the private reserve of a few charismatic men and women. It is a process ordinary people use when they are bringing forth the best from themselves and others." The authors' goal is to "liberate the leader in everyone" with this inspiring, results-oriented Workshop.

This is the 10th anniversary edition, we seek to update the theoretical and empirical work and professional practice issues associated with transformational and charismatic leadership that have transpired over the past decade.

“ The 21 Indispensable Qualities of a Leader gets straight to the heart of leadership issues. Maxwell once again touches on the process of developing the art of leadership by giving the reader practical tools and insights into developing the qualities found in great leaders. ” - Kenneth Blanchard, Coauthor of The One Minute Manager® “ Dr. John Maxwell is the authority on leadership today. His innovative yet timeless principles on how to effectively lead others have personally impacted my life and my business. This is a must-read for any organization that wants to succeed in the new millennium. ” -Peter Lowe, President of Peter Lowe International and Peter Lowe ' s SUCCESS Seminars “ My dear friend John Maxwell has proven his ability to lead leaders. I anticipate learning even more from his new book. ” -Max Lucado, Author of Just Like Jesus

The hallmark text for nursing faculty seeking to promote the transformative teaching of caring science, *Creating a Caring Science Curriculum: A Relational Emancipatory Pedagogy for Nursing* reflects the paramount scholarship of Caring Science educators. This second edition intertwines visionary thinking with blueprints, exemplars, and dynamic direction for the application of fundamental principles. It goes beyond the conventional by offering a model that serves as an emancipatory, ethical-philosophical, educational, and pedagogical learning guide for both teachers and students. Divided into five units, the text addresses the history of the caring curriculum revolution and its powerful presence within nursing. Unit I lays the foundation for a Caring Science curriculum. Unit II introduces intellectual and strategic blueprints for caring-based education, including action-oriented approaches for faculty–student relations, teaching/learning skills, pedagogical practices, critical-reflective-creative approaches to evolving human consciousness, and power relation dynamics. Unit III addresses curriculum structure and design, the evolution of a caring-based college of nursing, caring in advanced practice education, and the development of caring consciousness in nurse leaders. It also features real-world exemplars of Caring Science curricula. Unit IV includes an alternative approach to clinical and course-based evaluation, and the text concludes with an exploration of the future of the
