"The most stimulating and thought-provoking book on India in a long time..Bumiller has made India new and immediate again." THE WASHINGTON POST BOOK WORLD In a chronicle rich in diversity, detail, and empathy, Elisabeth Bumiller illuminates the many women's lives she shared—from wealthy sophisticates in New Delhi, to villagers in the dusty northern plains, to movie stars in Bombay, intellectuals in Calcutta, and health workers in the south—and the contradictions she encountered, during her three and a half years in India as a reporter for THE WASHINGTON POST. In their fascinating, and often tragic stories, Bumiller found a strength even in powerlessness, and a universality that raises questions for women around the world.

NATIONAL BESTSELLER “A finely paced, shrewdly observed, multi-tiered story . . . A thinking (and feeling) reader’s thriller.” –Wall Street Journal “Chilling, thought-provoking, and hauntingly written, Mother May I kept me on the edge of my seat with its breathless race against time.” — Megan Miranda, New York Times bestselling author of The Girl from Widow Hills Recommended by Buzzfeed • Parade • Country Living • Atlanta Journal-Constitution • Augusta Chronicle • The Nerd Daily • She Reads • BookBub • and more! The New York Times bestselling author of the critically acclaimed Never Have I Ever returns with an even more addictive novel of domestic suspense in which a mother must decide how far she is willing to go to protect her child and the life she loves—an unforgettable tale of power, privilege, lies, revenge, and the choices we make, ones that transform our lives in unforeseen ways. Revenge doesn’t wait for permission. Growing up poor in rural Georgia, Bree Cabbat was warned that the world was a dark and scary place. Bree rejected that fearful outlook, and life has proved her right. Having married into a family with wealth, power, and connections, Bree now has all a woman could ever dream of. Until the day she awakens and sees someone peering into her bedroom window—an old gray-haired woman dressed all in black who vanishes as quickly as she appears. It must be a play of the early morning light or the remnant of a waking dream, Bree tells herself, shaking off the bad feeling that overcomes her. Later that day though, she spies the old woman again, in the parking lot of her daughters’ private school . . . just minutes before Bree’s infant son, asleep in his car seat only a few feet away, vanishes. It happened so quickly—Bree looked away only for a second. There is a note left in his place, warning her that she is being watched; if she wants her baby back, she must not call the police or deviate in any way from the instructions that will follow. The mysterious woman makes contact, and Bree learns she, too, is a mother. Why would another mother do this? What does she want? And why has she targeted Bree? Of course Bree will pay anything, do anything. It’s her child. To get her baby back, Bree must complete one small—but critical—task. It seems harmless enough, but her action comes with a devastating price. Bree will do whatever it takes to protect her family—but what if the cost tears their world apart?

Based on the wildly popular Instagram account @CrazyJewishMom, Kate Siegel's essay collection about life with the woman who redefined the term "helicopter mom." There is nothing more wonderful than a mother's love. There is also nothing more annoying. Who else can proudly insist that you're perfect while simultaneously making you question every career, fashion, and relationship decision you have ever made? No one understands the delicate mother-daughter dynamic better than Kate Siegel—her own mother drove her so crazy that she decided to broadcast their hilarious conversations on Instagram. Soon, hundreds of thousands of people were following their daily text exchanges, eager to see what outrageous thing Kate's mom would do next. Now, in Mother, Can You NOT?, Kate pays tribute to the woman who invented the concept of drone parenting. From embarrassing moments (like crashing Kate's gynecological exams) to outrageous stories (like the time she made Kate steal a cat from the pound) to hilarious celebrations (including but not limited to parties for Kate's menstrual cycles), Mother, Can you NOT? lovingly lampoons the lengths to which our mothers will go to better our lives (even if it feels like they're ruining them in the process).

If I could keep you little, I'd keep you close to me. But then I'd miss you growing into who you’re meant to be! If I Could Keep You Little speaks straight to every parent's heart: exploring the powerful feeling of wanting your child to grow up while savoring every moment. Sure to become a new favorite, this book showcases author/illustrator Marianne Richmond's ability to beautifully illustrate the complex emotions we all have.

May You Be The Mother - May You Be The Sun — Happy Meals ...

“A book of great value for every daughter and every mother; useful for sons, too.”—Benjamin Spock, M.D. From the Introduction: The goal of this book is to help readers achieve that separation so that they can either find a way to be friends with their mothers, or at least recognize and accept that their mothers did the best they could—even if it wasn’t “good enough”—and to stop blaming them. Among the issues to be covered: • To understand how a daughter's attachment to her mother—more so than her relationship with her father—colors all her other relationships, and to analyze why it is more difficult for daughters than sons to separate from their mothers, as well as why daughters are more subject than sons to a mother's manipulation • To recognize the difference between a healthy and a destructive mother-daughter connection, and to define clearly the “bad mommy,” in order to help readers who have trouble acknowledging their childhood losses to begin to comprehend them • To conjugate what I call the “Bad Mommy Taboo”—why our culture is more eager to protect the sanctity of maternity than it is to protect emotionally abused daughters • To describe the evolution of the “unpleasable” mother—in all likelihood, she was bereft of maternal love as a child—and to recognize the huge, and often poignant, stake she has in keeping her grown daughter dependent and off-balance • To illustrate the consequent controlling behavior—in some cases, cloaked in fragility or good intentions—of such mothers, which falls into general patterns, including: the Doormat, the Critic, the Smotherer, the Avenger, the Deserter • To understand that the daughter has a similar stake in either being a slave to or hating her mother—the two sides of her depen dency and immaturity • To illustrate the responsive behavior—and survival mechanisms —of daughters, which is determined in part by such variables as birth rank, family history, and temperament, and which also falls into patterns, including: the Angel, the Superachiever, the Cipher, the Troublemaker, the Defector • To show how to redefine the mother-daughter relationship, so that each can learn to see and accept the other as she is today, appreciating each other's good qualities and not being snared by the bad • Finally, to demonstrate that a redefined relationship with one's mother—adult to adult—frees you from the past, whether that re definition ultimately results in real friendship, affectionate truce, or divorce.

Customer experience pioneer Jeanne Bliss shows why “Make Mom Proud” companies outperform their competition. Her 5-step guide to customer experience and culture transformation makes this achievement possible. Bliss urges companies to make business personal to earn ardent fans and admirers, by focusing on one deceptively simple question: “Would you do that to your mother?” “Make Mom Proud” companies give customers the treatment they desire, and employees the ability to deliver it. They turn “gotcha” moments into “we’ve got your back” moments by rethinking business practices, and they enable employees to be part of the solution to fix customer frustrations. Bliss scoured the marketplace seeking companies who excel at living their core values, grounded in what we all learned as kids. She offers a five-step plan for evaluating your current behaviors and implementing actions at every level of the organization. Step 1. “Be the Person I Raised You to Be” Understand how you are hiring, developing and trusting employees to bring the best version of themselves to work. Vail resorts, for example, the world's largest ski resort operator, banned the three words “Our policy is...” from their vocabulary, freeing employees to take spirited actions to deliver “the experience of a lifetime.” Step 2. “Don’t Make Me Feed You Soap” Learn the eight key frustrations that bind us as customers (waiting, fear, anxiety, the black hole of no communication, etc.) and how to apply actions from companies who are delivering a seamless, frictionless and easy experience. Step 3. “Put Others Before Yourself” Determine if your focus is on helping customers achieve their goals – and evaluate how that is fueling your growth. Canada's Mayfair Diagnostics, for example, spent over a year studying the emotions of patients entering an imaging clinic, so they could redesign their welcome to deliver warmth and caring over procedure and process. The newly designed clinic achieved profitability in record time. Step 4. “Take the High Road” Learn how companies who do the right thing rise above the competition. Virgin Hotels, for example, named #1 U.S. hotel by Conde Nast Reader's Choice Awards, walked away from price gouging at the mini bar, so you'll never pay more for that Snickers bar than what you'd pay at the corner market. Step 5. “Stop the Shenanigans!” Evaluate your current company behaviors and identify the key actions that you can begin immediately. With 32 case studies and examples from more than 85 companies, this is a practical and easy to follow guide for your experience and culture transformation. Filled with comics to snapshot our experiences as customers, a “mom lens” to reflect continuously on your performance, and a “make-mom-proud-ometer” quiz – the book makes Bliss's approach accessible and approachable. Join the movement to #MakeMomProud by applying this book across your organization. Whether you're contemplating your company's returns policy, its social media presence, or its big-picture strategy, this approach will help your company anticipate both employee and customer needs, extend patience, and show respect at all times.

"Slay Like a Mother is a feisty, clever, and fun blueprint for modern motherhood that belongs on every book shelf and in every diaper bag...As a woman and mother, you'll gain a newfound power, happiness, and ability to leap tall Lego buildings in a single bound."—Erin Falconer, author of How To Get Sh*t Done: Why Women Need to Stop Doing Everything So They Can Achieve Anything A revelatory, inspirational guide for mothers to crush their "never enough" mentality and slay every day! Katherine Wintsch knows firsthand the self-doubt that rages inside modern moms. As founder and CEO of The Mom Complex, she has studied the passions and pain points of moms worldwide to help some of the largest brands develop innovative new products and services. As a working mom of two, she was running in an exhausting cycle of "never enough"—not strong enough, not thin enough, not patient enough, not "mom" enough. In Slay Like a Mother, you'll laugh, you'll cry, and you'll discover eye-opening lessons about: THE MASK YOU'RE WEARING. The one you hide behind when you say everything is "just fine" when it's not. YOUR UNREALISTIC EXPECTATIONS. The goal-setting tactics you're deploying to get ahead could be what's holding you back. THE DIFFERENCE BETWEEN STRUGGLING AND SUFFERING. Being a mother is a struggle — it always has been — but your suffering is optional. Brave, supportive, and insightful, the stories and advice in this book will encourage you to live more confidently, enjoy the present, and become your best self — as a woman, a mother, and beyond. Perfect for fans of Girl Wash Your Face and #IMomSoHard! ***As featured in The Wall Street Journal and Parade.com*** Additional Praise for Slay Like a Mother: "Wintsch's style is brisk and forthright with enough humor to make readers laugh even as she illuminates dark corners. Although this is aimed at moms, any woman will find this enlightening and encouraging."—Booklist, STARRED review "Slay Like a Mother is much more than a self-help book for women; it is the end of self-doubt and the beginning of self-love... and that is nothing short of life-changing"—Rachel Macy Stafford, New York Times bestselling author of Hands Free Mama

Every loss mama deserves to be reminded she is the mother of all mothers.

Presents an inspirational compendium of spiritual wisdom, insights, whimsical reflections, and straightforward advice, culled from never-before-seen interviews, lessons, and broadcasts, along with a collection of original prayers and personal photographs. 100,000 first printing.
