Multipliers®: How The Best Leaders Ignite Everyone's ...

Multipliers: How the Best Leaders Make Everyone Smarter is a business book by Liz Wiseman and Greg McKeown. It was published on June 15, 2010 through Harper Collins and looks into different forms of leadership and how they can either help or hinder the people they are managing. Synopsis

Multipliers: How the Best Leaders Make Everyone Smarter ...

The idea is that the best leaders aren't the smartest people in the room, but strive to make their teams smarter. They do this by asking a lot of questions, owning and talking about their mistakes, trusting that their team members want to do a great job, and requiring the best work possible.

Multipliers: How the Best Leaders Make Everyone Smarter by ...

What is "Multipliers" Leadership? The Multipliers framework, developed by Liz Wiseman, outlines how successful leaders have a resoundingly positive and profitable impact on their organisations - getting more done with fewer resources, developing and attracting talent, cultivating new ideas and energetically driving change and innovation. It represents a powerful shift in mindset, which has a profound impact within organisations worldwide.

The 4 practices of a Talent Magnet. Look for talent everywhere. They appreciate all types of genius, and ignore traditional organisation boundaries when looking for people who can ... Find people's native genius. They look for what people's innate strengths are, call them out, and label them. In ...

Leadership lessons from "Multipliers" by Liz Wiseman ...

Bad bosses tend to do the opposite, making their employees feel smaller and less capable. In her 2010 book, Multipliers, Liz Wiseman examines the qualities and behaviors that distinguish good leaders (which she classifies as "Multipliers") from bad ones (known as "Diminishers"). This audiobook summary distills her findings into a series of concise clips that lay out the positive skills that leaders should aim to develop, as well as the behaviors that can hinder their team's growth.
