Newspaper Articles With Logical Fallacies

Unfortunately, the line between hard news and commentary has become increasingly blurred. All it takes is comparing the coverage of an event by CNN and by Fox News to see that. Any controversial topic brings out flawed logic. The more controversial the issue, the more flawed the logic is likely to be because when emotions get involved, they can outweigh reason. Bias can change the way a story is covered simply because of what is included and what is left out.

Those that have comments with logical fallacies of a particular kind. For example, if a comment contains Personal attacks (Argumentum Ad Personam), or Emotional Appeal to Anger we consider this tweet a triggering piece of news, or if it contains False Dichotomy Fallacy, then it's probably a Food for Thoughts.

Logical Fallacy - News and Articles

A logical fallacy is a newspaper articles with fallacies in reasoning. I would have liked to point out a few of these logical fallacies to the author in the comments of the article, but comments were not made available on the Time Magazine site, and thus most of the conversation around this piece came on Facebook, Twitter, and other online areas.

Newspaper articles with fallacies - Physics thesis

A logical fallacy is a flaw in reasoning. Logical fallacies are like tricks or illusions of thought, and they're often very sneakily used by politicians and the media to fool people.

The Logical Fallacies of Time Magazine's "Technology Hoax ...

They exist in many forms and are present in varying literary texts from advertisements to newspaper articles. One prominent example that comes to mind of the use of logical fallacies would be in newspaper articles surrounding the "Umbrella Revolution", also known as "Occupy Central", which was a movement where citizens of Hong Kong were demanding greater democratic reforms in 2014.

Blog Post #1: Logical Fallacies in the Media – Writing ...

Logical fallacies are missteps in reasoning, either intentionally or unintentionally, to win an argument. On the surface, they appear logically sound, but under scrutiny they don't hold up. For example, one of the most common is the Ad Hominem fallacy, in which your opponent attacks your character instead of your argument.

How Trump Buried the National Debate With Logical Fallacies

15 Common Logical Fallacies 1) The Straw Man Fallacy This fallacy occurs when your opponent over-simplifies or misrepresents your argument (i.e., setting up a "straw man") to make it easier to attack or refute.
