Other Tongues, Other Flesh is a book about alien contactees. George Hunt Williamson was a pioneering UFO researcher. He invented the concept of 'walk-ins,' who he called 'The Wanderers.' Walk-ins are normal humans who are actually (unknown to themselves) reincarnated 'Space Brothers.' Williamson also worked with George Adamski, another UFO pioneer.

Williamson became a more obscure competitor to Adamski, eventually combining his own channelling and the beliefs of a small contactee cult known as the Brotherhood of the Seven Rays, led by Marion Dorothy Martin, to produce a series of books about the secret, ancient history of mankind: Other Tongues—Other Flesh (1957), Secret Places of the Lion (1958), UFOs Confidential with John McCoy (1958), Road in the Sky (1959) and Secret of the Andes (1961).

Because many believe there are contradictions in some of the reported happenings, it has been necessary to show that there is a great story and purpose behind all these experiences. Here, in this book, is the history of other tongues, and of other flesh; calm, scientific evidence that there are brothers of ours in the skies overhead.

'IN MY HOUSE THERE ARE MANY MANSIONS, ' JESUS STATED. NOW HERE IS THE PROOF! "Evidence has accumulated that there are people on earth that don't really belong here!" George Hunt Williamson, author of OTHER TONGUES OTHER FLESH stated as early as 1955. This doesn't mean they came here aboard a flying saucer, disembarked, put on a tweed suit, polished up their earthly languages and moved into the house next door. It does mean, however that there is a special class or order of beings in the Universe that are different from us because of the fact that they must wander from one world to another, and from place to another. They are the "chimney sweeps" of creation. It is their specific job to be the "trash cans" of the Universe and aid their fellow man on these backward worlds." They come in many disguises. . . Most are friendly. A few are NOT! They include: THE WANDERERS THE MIGRANTS THE PROPHETS THE HARVESTERS THE AGENTS THE INTRUDERS THE GUESSERS In OTHER TONGUES OTHER FLESH REVISITED Williamson deciphers the strange symbols left from a depression of the bottom of the spaceman's shoes in the soil from which a plaster of paris cast was made on the spot. This is the famous George Adamski contact with Orthon in the desert which Williamson was the primary witness too this event. Here are SECRETS concerning the creating of life and the evolution of humankind entrusted to only a handful. And, although Williamson has passed on his legacy is vastly important. So much so that Alec Hidel in the Excluded Middle recently confided: "There can be no doubt that, by accident or design, Williamson and his various collaborators played an enormous part in shaping New Age thought in all its manifestations. Together they constituted the single most important occult group of the post-war era. Their influence is made all the more remarkable by the fact that it has seldom been acknowledged, or even perceived by other researchers in the field."

1954 George H. Williamson served with the Army Air Corps during World War II as Radio Director for the AAF Technical Training Command as a member of Headquarters Staff. He received the Army Commendation Award from Brig. Gen. C. W. Lawrence for his outst.

In more recent times, there has been a growing realization that on other worlds than ours, even in other universes, there are other living beings. The idea that earthbound man may someday journey into the heavens to discover other men and women, like or unlike himself, "grows by leaps and bounds. Within man's soul lies the truth--mortals exist on other spheres!" Here is a book that brings home this tremendous fact with a dynamic force and sweep that will astound the reader, and convince him beyond all doubt. Here is a history, a collection of proof, and a tremendous theory.

The first comprehensive biography of a true pioneer, George Hunt Williamson. A world premiere! Most of the information results from the perseverance, the passion and the painstaking investigative efforts of researcher and author, Michel Zirger.The reader will find a great many revelations, in particular about the first "Close Encounter of the Third Kind" in modern times, at the end of which photographs and plaster casts of alien footprints were made; the unexpected connection between Williamson and the famous Italian Amicizia ("Friendship") case; and his mystical stay in the Andes. Williamson's life is totally "revisited" thanks to unpublished documents now in Michel Zirger's possession, which will end errors and gossip that has been rehashed for decades.We owe Williamson for the concept of "Ancient Aliens," developed in seminal books such as Other Tongues-Other Flesh, Secret Places of the Lion, Road in the Sky and Secret of the Andes. Maurizio Martinelli's erudition offers innovative insights on certain aspects of George Hunt Williamson's life, for instance, the affinities of his work with that of Zecharia Sitchin.Martinelli is the Italian specialist of George Hunt Williamson. An accurate researcher with a fair and balanced view, he forms the perfect tandem with Michel Zirger to decipher the life and work of this enigmatic figure, whose influence remains strong in the field of ufology and esotericism.

Working at the local processing plant, Marcos is in the business of slaughtering humans—though no one calls them that anymore. His wife has left him, his father is sinking into dementia, and Marcos tries not to think too hard about how he makes a living. After all, it happened so quickly. First, it was reported that an infectious virus has made all animal meat poisonous to humans. Then governments initiated the "Transition." Now, eating human meat—"special meat"—is legal. Marcos tries to stick to numbers, consignments, processing. Then one day he's given a gift: a live specimen of the finest quality. Though he's aware that any form of personal contact is forbidden on pain of death, little by little he starts to treat her like a human being. And soon, he becomes tortured by what has been lost—and what might still be saved.

Words have played a vital role since the beginning of time. In the book of Genesis, God created the world and everything in it with His words. Today, as believers, we have the same God-like ability to speak those things which be not as though they were. Through God's Word, Kenneth Copeland reveals the Bible secret of words and the vital importance of using the tongue to create rather than destroy.

Examines some of Christianity's most basic terms to discover what they meant to the sacred authors, the apostolic preachers, and their first audiences.
