When crafting items from higher-tier blueprints (Ramshackle and above), resources of multiple subtypes must be used. For example, a Ramshackle blueprint may specify Fibers 3x18. This indicates that 18 units of three different subtypes must be used, such as 18 Cotton, 18 Hemp and 18 Silk, or 18 Straw, 18 Cotton and 18 Hemp.

Resources - Official ATLAS Wiki

Observations were made over a period of about a year on 30 horses doing brewery draught work, and in excellent health throughout the period. The rations fed consisted of oats, maize, molasses, hay, straw and carrots. Weights varied between 600 and 800 kg. No correlation was found between weight and feed requirement and this may be correlated with the fact that the heaviest horses covered the...

Dietary phosphorus frequently exceeds age-specific requirements and pig manure often contains high phosphorus load which causes environmental burden at regional scales.

Therefore, feeding strategies towards improved phosphorus efficiency and reduced environmental phosphorus load have to be developed. A 5-week feeding trial was conducted: piglets received medium, lower (-25%), or higher (+25%)...
