"How women have been duped into the romantic dream--and how they're paying for it"--Jacket.

This irreverent manifesto sparked both conversation and controversy when it made its debut as a hardcover in 2009. From essays in The Wall Street Journal to debates in the blogosphere, women weighed in on the book's provocative message, which ultimately challenges the ideals and assumptions we've blindly accepted about love and marriage. *Smart Girls Marry Money* is a hard-hitting indictment on society (peppered with plenty of wry observations) that empowers women with a new way to take control of their economic and romantic lives. Now in a paperback edition, there will be more "Smart Girls" who will join in on the heated debate on how we can make healthier (and wealthier!) marriages.

Traditional Chinese edition of Smart Girls Marry Money: How Woman Have Been Duped Into Romantic Dream And How Theyre Paying For It. In Traditional Chinese. Distributed by Tsai Fong Books, Inc.

Challenging perceptions that smart women are at a disadvantage when looking to marry, a guide for single intellectuals shares step-by-step instructions and practical advice on how to find a satisfying, long-term partner. Original. 30,000 first printing.

"The "Princeton mom" delivers unvarnished truths in this smart, straightforward, and witty book of life lessons for women"--

For years, it's been "common knowledge" that once a woman hits thirty, her chances of finding a husband diminish to the point of despair. That men are intimidated by a woman's career success, preferring docile helpmates to ambitious achievers. That women are biologically driven to seek a strong provider. That the higher a woman's IQ, the less likely she is to marry, let alone have babies...leaving single, successful women to ask themselves: Are men intimidated by smart women? In *Why Smart Men Marry Smart Women*, Christine B. Whelan shatters the myth that high-achieving women are at a disadvantage in the marriage market. There's good news for the millions of American

File Type PDF Smart Marry Money

SWANS (Strong Women Achievers, No Spouse): that today's smart, successful women marry at the same rates as all other women -- and that more income and education may in fact increase a woman's chances of marriage. What's more, as Dr. Whelan shows through newly released U.S. Census data, a large-scale Harris Interactive survey commissioned especially for this book, plus extended interviews conducted in cities nationwide, this profound demographic shift shows every sign of progressing. That means that the "success penalty" that has endured for generations is, as soon as 2010, destined for the history books. Accomplished daughters, sisters, and friends (not to mention their mothers) can finally stop worrying that the twin pinnacles of personal and professional happiness are inherently unattainable. In fact, smart men do marry SWANS. Ninety percent of high-achieving men surveyed want a woman who is as intelligent or more intelligent than they are. And two-thirds of men said they believed smart women make better mothers. Pairing cutting-edge research with sound advice, Dr. Whelan brings to mind what smart women everywhere have long known in their hearts: that the goal is not just to get married, but to have a good marriage, and to lead a fulfilled life.

For the man or woman who's looking for love and riches—but not necessarily in that order—comes *How to Marry Money*, a sophisticated

File Type PDF Smart Marry Money

and unabashedly candid guide to landing a partner of means. Learn how to meet the rich, how to behave around them, and how to blend in without breaking the bank. By following Kevin Doyle's advice, you'll learn how to: Instantly recognize the financial stature of each man or woman in every room you enter. Put yourself in the right place at the right time to gain access to rich, single people. Prevent certain embarrassing friends and family from derailing the gravy train. Straight to the point and full of humor, *How to Marry Money* will help you to land the millionaire of your dreams.

The income gap between women and men has gotten lots of attention in the last few decades: today women earn seventy-nine cents for every dollar men earn. But fewer people are aware of the much more serious wealth gap: for every dollar in wealth men own, women own thirty-two cents. Thirty-two cents! Wealth matters. Wealth is what gives us a financial safety net when we lose our jobs, break up a relationship or divorce, we or our dependents become sick, or when we are hit by some other financial crisis. It enables us to build security, to give our children a future, and to retire. It is passed from generation to generation, allowing wealthy families to stay wealthy over time. Wealth can generate income, whether through investments in the financial markets, or real estate, or through funding a startup

File Type PDF Smart Marry Money

business, and more. Significant wealth even allows us to influence our world by allowing us to contribute to political campaigns and policy initiatives. For these reasons, wealth is a better indicator of financial status than income: it reveals who is secure and influential and who is not. By treating women and men equally without recognizing the gross social and economic advantages that differentiate us, the law perpetuates the wealth gap. Here, Carla Spivack takes readers through a tour of a woman's life stages and the property laws that may apply and hinder their financial independence. From living together to marriage, from divorce to inheritance, the circumstances invite unfair treatment that leaves women out in the cold. Understanding how to protect your assets, fight for what is fair, and increase financial security is increasingly important as the wage gap continues to flourish. Readers will learn about the laws that work against them and how to protect themselves regardless of their relationship status. For all women of all ages, here is your guide to keeping your wealth no matter how your relationship fares.

In his straightforward and practical style, Pastor John Ramsey Sr. offers solid biblical solutions to financial stability.
