America's perceptions about the inevitable effects of aging are about to be completely rethought, thanks to groundbreaking new information from an internationally known expert on hormones and antiaging medicine. Thierry Hertoghe, M.D., has an important message to share: people are aging unnecessarily. Based on thirty-five years of scientific studies, *The Hormone Solution: Stay Younger Longer with Natural Hormone and Nutrition Therapies* is the first book that offers a prescriptive program to counter memory loss, weight gain, wrinkles, shrinking muscle mass, impotence, hair loss, and a host of other signs and symptoms of aging. Dr. Hertoghe offers an effective program of hormone replacement therapy using safe, low doses of natural hormones—in conjunction with a healthy diet and vitamin and mineral supplements—to help people maintain physical, mental, and emotional health and literally restore their bodies to a state that's three to twelve years younger than their actual age. He identifies the fifteen main, crucial hormones found in the body and explains the process that restores each one to its correct level. With a foreword by renowned doctor Barry Sears, *The Hormone Solution* is filled with self-scoring checklists, eating plans, nutritional prescription plans, and hormone shopping lists that help every reader calculate his or her personal hormone profile. Dr. Hertoghe is revolutionizing the medical field with his work, showing us how to treat chronic illnesses and the large and small aspects of aging by using preventive measures to drastically slow the aging process and its effects without costly procedures and surgeries. *The Hormone Solution* is a landmark publication that will revolutionize how people age, enabling us to live longer, healthier, and happier lives.

adolescence, pregnancy, menopause, or from medication or surgically induced, it can lead to devastating conditions like infertility, postpartum depression, insomnia, weight gain, loss of libido, memory loss, and unnecessary tests and surgeries. Erika Schwartz, MD, is the leading authority on hormone supplementation in wellness and disease prevention. In *The New Hormone Solution* Dr. Erika shares her successful, proven program to help women (and men) of all ages prevent and eliminate the symptoms of hormone imbalance in an integrated and caring approach. Learn what hundreds of thousands of healthy men and women have learned from following Dr. Erika's unique and caring programs. In *The New Hormone Solution*, you'll discover: How to identify the symptoms of hormone imbalance at different stages in your life from teens, twenties, thirties, forties, and beyond. What the safe and easy options are for treatment of hormone imbalance. How to integrate conventional medicine with mind and body care and prevent disease at all ages. How to choose the right options for your hormones and supplements. How to take ownership of your health and avoid becoming a victim of uncaring and money-hungry systems. How the cutting edge scientific data, statistics and clinical cases from the practice of Dr. Erika can be applied to your needs.

In *The Women's Guide to Complete Thyroid Health*, readers explore their family health history, assess their symptoms, and, along with their healthcare providers, create a personalized testing and treatment plan designed to restore healthy, balanced thyroid output.

Presents a plan for helping bodies transition hormonally without drugs from puberty through perimenopause, detailing the role of certain hormones, the importance of diet, and the steps to finding the right doctor.

In this work, Dr Erika Schwartz shares her proven programme to help women prevent, reduce and even eliminate the symptoms of hormone imbalance naturally.

Do You Have Low T? As a man ages, a slow decline takes root that, day to day, is imperceptible. Sometime around age 30, levels of the male hormone testosterone begin to drop each year. One morning he looks in the mirror and sees someone who he doesn't recognize. He's tired-looking, lacks motivation, his belly is sagging over his belt, his mind is foggy, and maybe his sex drive has evaporated. What happened? Oh, you're just getting older, people tell him—even his doctor! Endocrinologist Florence Comite, MD, doesn't believe we should accept aging as is. In fact, she has helped many men to turn around their health for the better. She believes any man can restore his body, mind, and energy; prevent disease; and feel strong, confident, and in control once again. How? By using her Precision Medicine analysis, a highly personalized plan of action designed to combat the decline triggered by the age-related fall in testosterone. This book will show you how to quantify your own health and then make lifestyle changes that will reduce your belly fat and risk of diabetes, revitalize your sex drive and strengthen your erections, and give you more muscle and greater mental agility. Because testosterone affects all of the above aspects of a man's vitality, Dr. Comite shows readers how the cutting-edge science of hormone optimization for men with low testosterone is an effective way to prevent the disorders of aging.

Can you really feel better as you get older? Is aging without illness possible? Is your own internal fountain of youth waiting to be discovered? Yes, yes, and YES! says Suzanne Somers, the bestselling author of *The Sexy*

File Type PDF The Hormone Solution Thierry Hertoghe

Years. It can all be true when you take advantage of the science of antiaging medicine—a revolutionary approach to achieving the ageless life. Suzanne Somers has already introduced millions of women to bioidentical hormone replacement therapy and changed the way we look at menopause. Now, in *Ageless*, Suzanne introduces an inspiring, medically validated approach to reversing the aging process and maintaining a healthy, vibrant, mentally sharp, sexually active life—while building the body’s natural defenses against age-related diseases. Suzanne talks about:

- How antiaging medicine can help detox the body of harmful pollutants and chemicals and strengthen our weakest glands and organs
- The dangers of perimenopause and how women can treat it
- Why so many hysterectomies are unnecessary, how birth control pills may have contributed to the rise of hysterectomies, and how to restore your body to perfect hormonal balance after having one
- How andropause is a real condition for men, and how men can lose weight, regain their youthful physiques, and restore health, energy, and sexuality, all through bioidentical HRT
- The importance of sleep and the healing work that nature does during this time to balance hormones and increase energy

In this “antiaging bible,” Suzanne brings together prominent, Western-trained antiaging doctors to show how the traditional medical approach is woefully inadequate. Its standard of care has been to treat all symptoms with drugs, but in *Ageless* you will find out how this approach does not make us better. With antiaging medicine you can heal your body rather than keep a chronic condition at bay with drugs. *Ageless* shows you how to keep your “insides” young, and how this manifests on the outside.
