One belt, one road - Special Report - FT.com

One Belt, One Road One Belt, One Road is a major driver for investment in land and sea-based connectivity from China to major markets around the globe. With a focus on energy and transport infrastructure, the initiative sees Chinese companies work with government and private enterprises in each region to finance and deliver new projects.

One Belt, One Road - Pinsent Masons

Kevin Sneader: At one level, One Belt, One Road has the potential to be perhaps the world's largest platform for regional collaboration. What does that actually mean? There are two parts to this, the belt and the road, and it's a little confusing. The belt is the physical road, which takes one from here all the way through Europe to somewhere up north in Scandinavia. That is the physical road.
