Are you ready for the coziest book of the year, with the charm of a modern-day Beatrix Potter? Pull up your comfiest chair, smuggle under a warm blanket, and discover the peaceful, enchanting world of Ruby Red Shoes and her grandmother, where friends are always welcome. Ruby Red Shoes is a thoughtful bunny who lives in a colorful painted caravan with her beloved grandmother. She is gentle and kind and cares for all living things. She loves strawberry jam, peppermint tea, long baths, and her wonderful pet chickens! Children just learning to read on their own will treasure this beautiful story that they can read on their own or enjoy as a read-aloud. Teeming with whimsy, Ruby's mindful, tranquil world embraces the reader like a warm hug. And bedtimes will be gentle, sweet moments, as young readers see Ruby and her grandmother tucked in with a book and a favorite quilt, watching the magical stars twinkle in the velvety sky. Once you've made friends with Ruby Red Shoes, you'll have a friend for life. "As a student of pleasant companionship, mindful existence, and living one's best life, Ruby Red Shoes excels, paws down."-Publishers Weekly "Everything about this book asks readers to go slowly, to put aside the expected, and to savor the simplicity of the moment."-Kirkus

Drawing activities, art instruction, and advice for artists and non-artists alike. Urban sketching--the process of drawing on the go as a regular practice--is a hot trend in the drawing world. It's also a practical necessity for creatively minded people in a busy world. In this aspirational guide, self-taught French artist France Belleville-Van Stone emboldens readers to craft a ritual of their own and devote more time to art, even if it's just 10 minutes a day. She offers motivation to move beyond the comfort zone, as well as instruction on turning rough sketches into finished work. Belleville Van-Stone learned how to draw through her own daily practice and knows first-hand how hard it is to find time to incorporate creativity into a busy life. She encourages and teaches us how to do it with advice and guidance such as: . An A-to-Z list of daily sketch prompts, from airports to bananas, faces to hands, meetings and workplaces . Tips on what drawing supplies you can and should have--and how to carry them around . Sections on accepting mistakes, drawing with limited resources, and redefining completion . Plususes and minuses of going digital, including apps, styluses, and brushes For those of us who dream of drawing in the minutes between school and work, bathtime and bedtime, and waking and walking out the door, the practical advice in Sketch! is a revelation. By sharing her own creative process, Belleville-Van Stone Sketch inspires artists both established and aspiring to rethink their daily practice, sketch for the pure joy of it, and document their lives and the world around them.

Inspired by artist Tamara Laporte's popular online art classes (willowing.org), Create Your Life Book presents 18 step-by-step mixed-media drawing and painting projects that encourage self-fulfillment through the creative process. Tamara's kind, non-judgmental voice guides your way. What is holding you back? Where do you want to go? Let go of the past! Use these expressive exercises to help you recognize your personal challenges and other obstacles, then work through them. Let go of limiting beliefs, find courage, feel gratitude, heal pain, and develop self-love as you playfully create. Each themed chapter presents four to five two-part projects. First, you will explore a common issue that hampers creativity and/or positive self-worth. The second portion is a step-by-step mixed-media art project designed to help you work through that issue. Just a few of the explorations: Let go of what no longer serves you by taking stock of what's holding you back, then create a sentangle butterfly to symbolise you flying away from those limiting things. Embrace and love your inner quirky bird by taking an inventory of your quirky traits, then create a bird that celebrates them. Heal old wounds by writing a letter to yourself as a child, then create a house to keep your inner child safe. Adding rich variety to the messages and art inspiration, some of the project outlines have been contributed by Tamara's guest teachers: Roxanne Coble, Andrea Gomoll, Alena Hennessy, Mystele Kirkeeng, Ivy Newport, and Effy Wild, each of whom are noted mixed-media artists in their own right. The final chapter presents a simple binding method for creating a keepsake book of your Life Book projects. Steeped in inspirational images and uplifting affirmations, Create Your Life Book can help you achieve both personal and creative growth.

Collects pages from the private sketchbooks of architects and studios from around the world, and includes comments from the artists as well as details on how they use sketching to evolve inspirations and concepts into more developed ideas.
