"Imagine a world in which every single person on the planet is given free access to the sum of all human knowledge. That's what we're doing." --Jimmy Wales With more than 2,000,000 individual articles on everything from Aal (a Japanese pop group) to Zzyzx, California, written by an army of volunteer contributors, Wikipedia is the #8 site on the World Wide Web. Created (and corrected) by anyone with access to a computer, this impressive assemblage of knowledge is growing at an astonishing rate of more than 30,000,000 words a month. Now for the first time, a Wikipedia insider tells the story of how it all happened—from the first glimmer of an idea to the global phenomenon it's become. Andrew Lih has been an administrator (a trusted user who is granted access to technical features) at Wikipedia for more than four years, as well as a regular host of the weekly Wikipedia podcast. In The Wikipedia Revolution, he details the site's inception in 2001, its evolution, and its remarkable growth, while also explaining its larger cultural repercussions. Wikipedia is not just a website; it's a global community of contributors who have banded together out of a shared passion for making knowledge free. Featuring a Foreword by Wikipedia founder Jimmy Wales and an Afterword that is itself a Wikipedia creation.

There are a lot of books out there that show collections of logos. But David Airey ' s " Logo Design Love " is something different: it ' s a guide for designers (and clients) who want to understand what this mysterious business is all about. Written in reader-friendly, concise language, with a minimum of designer jargon, Airey gives a surprisingly clear explanation of the process, using a wide assortment of real-life examples to support his points. Anyone involved in creating visual identities, or wanting to learn how to go about it, will find this book invaluable. - Tom Geismar, Chermayeff & Geismar In Logo Design Love, Irish graphic designer David Airey brings the best parts of his wildly popular blog of the same name to the printed page. Just as in the blog, David fills each page of this simple, modern-looking book with gorgeous logos and real world anecdotes that illustrate best practices for designing brand identity systems that last. David not only shares his experiences working with clients, including sketches and final results of his successful designs, but uses the work of many well-known designers to explain why well-crafted brand identity systems are important, how to create iconic logos, and how to best work with clients to achieve success as a designer. Contributors include Gerard Huerta, who designed the logos for Time magazine and Waldenbooks; Lindon Leader, who created the current FedEx brand identity system as well as the CIGNA logo; and many more. Readers will learn: Why one logo is more effective than another How to create their own iconic designs What sets some designers above the rest Best practices for working with clients 25 practical design tips for creating logos that last
